## The Story of a Camera

by Jim Black

In December 2007, Lisa Gold was on vacation in Hawaii. One night, she went swimming in the sea with her waterproof camera. The camera fell out of her hand and got lost in the waves. She could not find it anywhere.

The next day she returned to the beach to keep searching; she couldn't find her camera. She was very disappointed because there were over 300 pictures in it.

"It was my first time in Hawaii. I was upset because I lost all my pictures," she explained.

Six years later, Jing, a worker for China Airlines, was walking on a beach in China collecting shells. He saw something unusual in the sand. "I thought it was a strange shell," Jing said. "I was surprised it was a camera. It was very dirty and looked really old. I was curious. I wanted to know what it was doing on the beach. I took it with me to try to solve the mystery".

- Jing got the camera fixed, and was happy to find that there were still pictures on the memory card. "I knew I could find the owner by using the Internet," Jing said. His manager at the airline helped him by creating a webpage called "China Airlines is Looking for You." It included some pictures from the memory card showing a "mystery woman."

- Thirty-six hours later, and thousands of kilometers away, in America, Lisa's friend saw the pictures on the Internet. She called Lisa. "Your picture is on a China Airlines webpage!" she said. Lisa got very excited and contacted the airline immediately.

- China Airlines gave Lisa a free ticket to travel to China to get her long-lost camera. "I was happy to see my pictures again. They brought back some wonderful memories from Hawaii," said Lisa. "It is amazing how far away my camera travelled, and how quickly the Internet helped get it back to me."

**A LETTER TO A FRIEND**

August 20, 2015

Hi Gal,

How are you? I'm sure you're surprised to get a letter on paper and not an email from me. I'll explain why.

5 I'm in a special summer camp for teenagers. We're living in a forest for a month. We have no cellphones and no computers! It's very strange. We can only write letters with pen and paper. Our counselors\* send them for us.

Let me tell you about the camp. We live in tents. We learn new things every day. Now I know how to make a fire and cook food. We also go on many  
10 hikes. We carry our food, water, clothes and sleeping bags on our backs. Each hike is longer and harder. But it's great fun! I love seeing the country this way. I'm learning a lot.

The counselors take pictures of us. When I get home, I'll send you some of them. Come and visit me soon. We'll go hiking and I'll teach you the things  
15 I learned.

Your friend,  
Amit
