## Harry Potter

Harry Potter is a series of seven fantasy books written by J. K. Rowling. The main character of the series is, of course, Harry Potter. Harry lives in England with his aunt and uncle because both his parents are dead. But Harry is not a regular boy. He is a wizard\*. He goes to a special school for wizards, called Hogwarts School of Witchcraft and Wizardry. There, he meets Ronald Weasley and Hermione Granger, and they become good friends. Together, they fight Harry's enemy, the Dark wizard Lord Voldemort.

In the first book in the series, Harry Potter and the Philosopher's Stone, which was published in 1997, Harry is 12 years old. In the seventh and last book, *Harry Potter and the Deathly Hallows*, which was published ten years later, he is 18. Since the beginning, the series was a great success. It has sold more than 500 million copies, making it the best-selling book series in history. The Harry Potter book series was translated into 67 languages.

Following the success of the books, Harry Potter also became a movie hero. The first movie came out in 2001. The last one came out in 2011. British actor Daniel Radcliffe plays Harry Potter. Like the book series, the Harry Potter movies were very popular, and made Radcliffe a successful actor.
